

Missionary Training Center

February 18, 2020

Dear friends of Cascade Park Baptist Church,

Like much of the country, our local area is experiencing some of the coldest temps we have had in many, many years. While staff and students are braving the frigid temps, snow, and minus wind chills to trudge to class, this wonderful team has been faithfully teaching the Dem people the Bible lessons in their own heart language the past four weeks.

Literacy class was held before teaching began and they can read and follow the lessons with the scripture portions that were translated in their own language.

Hundreds have been attending the sessions happening four days each week. Will you pray that they will keep attending so they hear the good news?

Thank you so much for your gift of \$100. As we continue train this next generation of missionaries to go and reach others just like this team is doing among the Dem people, we truly appreciate your heart to pray, train, and give so that others can hear the gospel...disciples making disciples until all have heard.

On behalf of all of us here,

Melody
